

Prof. Patrizia Morbini, Department of Molecular Medicine, Unit of Pathology

MD in Medicine (1993), Pathology board certification (1997); PhD in Human Pathology (2001).  
Surgical pathologist at the pathology service of the IRCCS Policlinico S. Matteo, Pavia from 2000 to 2006; from 2006 to 2015, researcher in Pathology at the University of Pavia and in-hospital-employed academic surgical pathologist at the same Institution. Since 2015, associate Professor of Pathology at the University of Pavia

Professor of the Postgraduate School of Pathology, University of Pavia (2003-present)

Professor at the Master Degree Course (Harvey course) in Medicine and Surgery, University of Pavia (2006-present). Subject: Anatomic Pathology; Systemic pathology

Professor at the Postgraduate Course for Biotechnologies, University of Pavia (2006-present).

Subject: Molecular biology applications in Pathology

Professor at the University Course for Laboratory Technicians, University of Pavia (2011-present).

Subject: Morphological Sciences

Post-graduate training

Training in pulmonary pathology with prof. Helmut Popper, Pathology Department Karl-Franzenes Universitat di Graz (AU) (nov 2002-feb.2003).

Training in Pulmonary pathology with prof. Tom V Colby, Kevin O Leslie and Henry D Tazelaar, Pathology Department, Mayo Clinic Scottsdale, AZ (30 Jan 2006-7 April 2006)

Research fields

Pathogenesis of neoplastic and non-neoplastic lung diseases. Transplantation pathology

Application of new investigative methods in histopathology and molecular biology.

Oncogenesis in head and neck tumors.

Methods of tissue diagnosis of amyloid and amyloidosis

Clinical activity

Pneumopathologist and Head and Neck pathologist; cytological and histological diagnosis of diseases of the upper and lower respiratory system, head and neck diseases, Central nervous system and diseases of amyloid deposition.
