

## Curriculum Vitae

PERSONAL DATA	
Name	ELISA RONCORONI
Date/place of birth	31/05/1984/Como (CO)
Citizenship	Italian
Work address	Fondazione IRCCS Policlinico San Matteo - Viale Golgi 19, 27100 Pavia
Phone number	333/3538855
e-mail address	elisa_roncoroni@hotmail.it

EDUCATION			
Name of Institution	Location (City, Country)	Degree	Year
University of Pavia	Pavia, Italy	Hematology Specialization	2015
University of Pavia	Pavia, Italy	Medical School Degree	2009

RESEARCH EXPERIENCE		
From - To	Position	Research activity
2015 - 2018	Clinical researcher at the Department of Hematology Oncology	Clinical and translational research in physiopathology, diagnosis, prognosis and therapy of myeloid neoplasms, especially MPN and AML.

TECHNICAL SKILLS AND COMPETENCES
<p>Dr. Elisa Roncoroni's research activity is currently aimed at clarifying the clonal architecture and dynamics of myeloid neoplasms, especially myeloproliferative neoplasms in chronic and blast phase, and the clinical implications of somatic mutations in myeloproliferative neoplasms in chronic and blast phase.</p> <p>In the last years her work dealt with the analysis of molecular basis of MPN, together with the evaluation of genotype-phenotype correlations and the evaluation of the role of somatic mutations in diagnostic process, prognostication and impact on clinical outcome in MPN, also applying next generation sequencing techniques.</p> <p>Moreover, she has been involved as co-investigator in various sponsored and non-sponsored clinical trials in the setting of MPN, in particular in testing new drug compounds, such as JAK inhibitors.</p>
