

Curriculum Vitae

PERSONAL DATA	
Name	Elisa Rumi
Date/place of birth	19/09/1977, Pavia
Citizenship	Italian
Work address	Department of Molecular Medicine, University of Pavia, Strada Nuova 65, 27100 Pavia, Italy
Phone number	0039-0382503084
e-mail address	elisa.rumi@unipv.it

EDUCATION			
Name of Institution	Location (City, Country)	Degree	Year
University of Pavia	Pavia, Italy	Post-graduate in Hematology	2005
University of Pavia	Pavia, Italy	Medical degree	2001

RESEARCH EXPERIENCE		
From – To	Position	Research activity
29 April 2016- today	Professor in hematology	Clinical and translational research in myeloproliferative neoplasms
10 November 2012-28 April 2016	Medical assistant	Clinical and translational research in myeloproliferative neoplasms
10 November 2009-9 November 2012	Assistant professor	Clinical and translational research in myeloproliferative neoplasms
November 2005- November 2009	Research fellowships	Clinical and translational research in myeloproliferative neoplasms

TECHNICAL SKILLS AND COMPETENCES
Her research activity is focused mainly on myeloproliferative neoplasms, with special interest for the definition of the molecular basis of these disorders and the identification of prognostic models. She coordinates the studies aimed to define the molecular basis of familial myeloproliferative neoplasms in collaboration with the lab of Robert Kralovics at Center for Molecular Medicine (CeMM) in Vienna.

AWARDS
2002: “Cariplo” award as the best graduated student of the faculty of Medicine during the academic year 2000/2001 at the University of Pavia 2002: “Paola Marchetti” award from the “Associazione Donatori Midollo Osseo ADMO Emilia Romagna” for the best thesis on bone marrow transplantation 2006: Travel Grant at the national meeting of the “Società Italiana di Ematologia Sperimentale (SIES)” 2007, 2012, 2013, 2014: Travel Grant at the international meeting of the “European Hematology Association (EHA)” 2011: “Suor Maria Amata di Cristo” award for the best project focused on leukemic evolution 2013: Guido Berlucchi award for the best scientific publication of a young researcher 2013: Mundipharma Hematology award 2015: Ferrata-Storti award.
